

# A thank you from a mum

In September this year, five-year-old Eve Pearce was admitted to the Noah's Ark Children's Hospital for Wales. She received treatment on Owl Ward, Rainbow Ward and on the critical care unit but tragically passed away on November the 16th. Her devoted mum Ceri, grandmother, Nonna and favourite nurse, Emily, were at her side.

Ceri has asked us to relay her deepest thanks to the nurses, doctors and play staff on each of the wards where Eve spent time. She would like to say a specific thank you to Owl ward nurse, Emily, who met Eve at the beginning of her time in hospital and remained a constant source of kindness and support throughout.

Ceri says that she misses her daughter every minute of the day but will always be grateful that these people were there to help her little girl when she needed it most.
